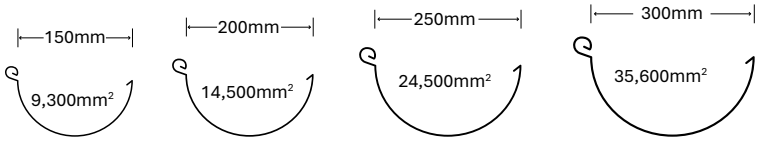
Half Round Gutters

Elevate your projects to new heights with our Half Round Gutters - made and supplied by PPC Flashings. Our innovative half-round gutters are available in 150mm, 200mm, 250mm, and 300mm. PPC Flashings Half Round Gutters provide greater water carrying capacity and the additional strength required for commercial applications.

Available in a wide range of material choices from COLORBOND® steel, ZINCALUME® steel, GALVABOND® steel, and Stainless Steel. Our Half Round Gutters can be cut to size in lengths up to 8m if required. You will experience efficient self-cleaning, remarkable water-carrying capacity, and seamless integration with different fascia sizes.

Gutter Diameter	Cross Sectional Area (mm^2)
150mm	9,300
200mm	14,500
250mm	24,500
300mm	35,600



Colorbond® Zincalume® Galvabond®

Half Round Gutter Clips

Our durable commercial Half Round Gutter clips are made and supplied by PPC Flashings. Our clips are easy to install and provide the strength required to handle a larger water carrying capacity. Made to no buckle or fracture, leaving the gutter free of internal straps providing unobstructed water flow and easy cleaning. Available in a wide range of material choices from COLORBOND® steel, ZINCALUME® steel, GALVABOND® steel, and Stainless Steel.
